WHAT WE DO?

Evansville Animal Control involves a combination of animal investigation, care, and education. We also help control abandoned and unattended animals, investigate the mistreatment or abuse of pets, along with determining if an animal is a danger to the community.

- Barking issues
- Dog bites
- Animal at large
- Disease prevention
- Registering animals

The goal is to protect our public and the pets that are cherished in our community, to provide a more personable experience for the citizens for the community we love.
